

## Terms of usage

- Suggestions and recommendations to improve the platform in any way are welcomed.
- The platform is built out of good faith in order to help the community around us. It is an earnest request to avoid any unauthorized use/misuse of data. It shall be the responsibility of each and every user of the platform to not use the information on the platform for any illegal purpose. The platform shall not be responsible for any unauthorized use of information on the platform by any user.
- This platform is committed to maintaining the security and integrity of our products. We value the privacy of our customers and partners and understand the importance of critical Healthcare data. We strive to safeguard our systems and data in compliance with security best practices and standards. While every effort is expended to ensure that the websites, mobile applications as well as internal systems are secured, the website/platform does not take responsibility for any data breaches or and loss of privacy due to any causes including but not limited to data hacks/unauthorized access.
- It is brought to your kind attention that the platform is not registered or explicitly given permission to operate by any governmental authority or registered under any law under the Indian jurisdiction. Users must use the platform at their own risk.
- “<https://blood-plasma.herokuapp.com>” assumes no liability for the use or misuse of any information or products used in the video.
- The registration on the platform shall be undertaken on a voluntary basis.
- The user shall not make a request unless under medical advice by an authorized medical practitioner.
- The platform has the right to delete any records or data at it's own discretion.
- The platform has the right to change it's terms and conditions as and when required. The user shall make sure to be updated on any changes in the policy on a weekly basis.
- By using the platform, it has been deemed that the user has agreed to the Terms and conditions of the platform.
